JOURNAL OF
SOFTWARE
MAINTENANCE
AND EVOLUTION
RESEARCH AND PRACTICE

CONTENTS

Volume 14 Number 1 **January–February 2002**

Piecemeal legacy migrating with an architectural pattern language: a case study
M. Goedicke and U. Zdun 1

Field studies using functional size measurement in building estimation models for software maintenance
A. Abran, I. Silva and L. Primera 31

An empirical study of the influence of departmentalization and organizational position on software maintenance
D. Yeh and J.-H. Jeng 65

Volume 14 Number 2 **March–April 2002**

Experimental evaluation of hypertext access structures
J. Koskinen. 83

Maintenance issues in the website development process
M. Taylor, J. McWilliam, J. Sheenan and A. Mulhaney 109

Impact of experience on maintenance skills
M. Jørgensen and D. I. K. Sjøberg 123

Volume 14 Number 3 **May–June 2002**

Metrics for maintainability of class inheritance hierarchies
F. T. Sheldon, K. Jerath and H. Chung. 147

Predicting project delivery rates using the Naive–Bayes classifier
B. Stewart 161

Testing and maintaining de-localized software systems in a multi-site environment using web-based tools
Balaji.V and Sangeetha.B 181

Problem management maturity within corrective maintenance
M. Kajko-Mattsson 197

Volume 14 Number 4 July–August 2002

Automating the management of software maintenance workflows in a large software enterprise: a case study
L. Aversano, G. Canfora, A. De Lucia and S. Stefanucci 229

Graph-based tools for reengineering
K. Cremer, A. Marburger and B. Westfechtel 257

A semantic entropy metric
L. H. Etzkorn, S. Gholston and W. E. Hughes, Jr. 293

Volume 14 Number 5 September–October 2002

Special Issue
Separation of Concerns for Software Evolution

Separation of concerns for software evolution
T. Mens and M. Wermelinger 311

Change impact analysis to support architectural evolution
J. Zhao, H. Yang, L. Xiang and B. Xu 317

Behavioural modelling of long-lived evolution processes—some issues and an example
M. M. Lehman, G. Kahen and J. F. Ramil 335

Separating computation, coordination and configuration
L. Andrade, J. L. Fiadeiro, J. Gouveia and G. Koutsoukos 353

Relating functional requirements and software architecture: separation and consistency of concerns
R. Heckel and G. Engels 371

Evolving hypermedia systems: a layered software architecture
L. García-Cabrera, M. J. Rodríguez-Fórtiz and J. Parets-Llorca 389

Volume 14 Number 6 November–December 2002

ANNOUNCEMENT 407

A model of factors affecting an information system's change in state
J. Heales 409

Identifying high maintenance legacy software
M. S. Harrison and G. H. Walton 429

Consistent database sampling as a database prototyping approach
J. Bisbal and J. Grimson 447

PAPER REFEREE ACKNOWLEDGEMENT 461
